

HILL'S HANSARD

Another enjoyable meeting with a great guest speaker, **Peter Christopher** Director from the *Clipper Ship City of Adelaide Ltd* dedicated to preserving the historic clipper 1864 *City of Adelaide* and making it the centre-piece of a seaport village in Port Adelaide. A copy of the presentation shown by Peter is at the web-site <http://friendsofcityofadelaide.org.au/coa/data/uploads/HomePage/CofA%20Presentation%20March2015.pdf>.

However, some of the points that I picked up on are:

- The campaign to rescue the ship has taken over 14 years by a small team of dedicated volunteers.
- The clipper is approximately the same length as a Boeing 747, however while the 747 carries up to 500 passengers, the clipper only carried about 300.
- The 14 first class cabins actually had “ensuite” toilets via a direct hole to the ocean. Pity about the 2nd class fare payers who had to make use of the less than private, or comfortable, ship’s “heads”.
- 250,000 Australians can trace their ancestor’s immigration to Australia back to this ship.
- Once the good citizens of Sunderland in the UK (where the City of Adelaide was built in 1864) woke up that Peter Christopher and his friends had ideas of transporting the hulk to Adelaide, they put in a counter proposal and then a law suit in an attempt to keep the remains in the UK. Before they could counter with legal action Peter’s team spirited the ship out of British jurisdiction in the Netherlands for decontamination before the journey to Australia.
- If you have ever watched ‘*Big Moves*’ on Fox then none of those could compare with the *City of Adelaide*’s journey from Scotland to Adelaide. Having Prince Philip as sponsor was another factor that helped the process.
- The City of Adelaide, along with Cutty Sark in London are the only 2 remaining clippers from 19th Century.

Last Sunday's Rotary Club of Magill Market was a great financial success for the Club.
Thank you for the continued hard work by all involved.

Next Meeting Roster

Chairperson	Ian Coat
Steward 1	John Kennedy
Steward 2	Kirsty Stark
Technical Set Up	Chris Gascoine
Greeter	Mina Ward

Thought for the Day

I have noticed even people who claim everything is predestined, and that we can do nothing to change it, look before they cross the road. **Stephen Hawking**

Hawking was the first to set forth a theory of cosmology explained by a union of the general theory of relativity and quantum mechanics. He is a vigorous supporter of the many-worlds interpretation of quantum mechanics.

Hawking suffers from a rare early-onset, slow-progressing form of motor neuron disease that has gradually paralysed him over the decades. He communicates using a single cheek muscle attached to a speech-generating device. Hawking married twice and has three children.

President's Notes

- **Saturday 27 June**
Rotary Year Changeover will be held at the Sorelle Restaurant. Please let Mina know if you are coming. \$36 payable to Carol now.
- **Wed 30 June**
Expressions of Interest close for Short Term Youth Exchange in June. Details in the 9520 Herald.
- **Sunday 5 July – District Changeover Belair Country Club.**
- **Sunday 12 July**

No Meetings

THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of a worthy enterprise and in particular to encourage and foster:

The development of acquaintance as an opportunity for service.

High ethical standards in business and professions: the recognition of the worthiness of all useful occupations: and the dignifying by every Rotarian of their occupation as an opportunity to serve society.

The application of the ideal service by every Rotarian to their personal, business and community life.

The advancement of international understanding, goodwill and peace through a world fellowship of business and professional people united in the ideal of service.

THE FOUR WAY TEST

The Four Way Test of the things we think, say or do:

Is it the truth?

Is it fair to all concerned?

Will it build goodwill and better friendships?

Will it be beneficial to all concerned?

THE INVOCATION

For good food, good fellowship and
the opportunity to serve through Rotary we give thanks.
