

KIRSTY'S KRONICLE

We had a great meeting Tuesday, with former member **Tracey Gleeson** returning to the club to talk about her recent travels to **Africa**. And it wasn't just a sightseeing tour - Tracey was there as a **researcher** as part of a team of vets and scientists that assisted **Provet Wildlife** (<https://www.facebook.com/ProvetWildlifeServices>) with the dehorning of rhinos, among other animal care.

Rhinos in Africa are under great threat from poachers, as their horns are worth around \$US40 per gram on the black market. The purpose of the vets' professional dehorning (with chainsaws and circular sanders) is to prevent poachers. This is an annual task, as the horns regrow each year, and removing the small amount of regrowth is enough to deter poachers from illegally cutting the animals' horns and putting their lives at risk.

Each portion of the horn is then recorded and returned to the owner for safekeeping, as it is illegal to sell or trade them. Regular checks are done against the records to ensure that each piece of horn is accounted for.

Tracey had some incredible experiences during her trip, including holding a Pangolin (<https://en.wikipedia.org/wiki/Pangolin>) as pictured on the slide show in the background of our photograph. It was a pity that we could not see every photo that Tracey had available in her presentation.

Travel Tip from Tracey: don't hang around a cheater, rhino, elephant, leopard or any wild animal for that matter as it wakes from an anaesthetic.

THE REEL EVENT: SWITCH TO SUNDAY ARVO

The Club has decided to hold this year's **The Reel Event on a Sunday, 3pm for 4pm**, to see whether a weekend time slot will help us to attract a bigger crowd. Please put **Sunday the 21st May** in your diaries, and we will allocate roles and responsibilities at next week's Club Assembly, as well as hand out **posters ready for promotion**.

NYSF

See the attached report from **Eddie Seung Hun Han** about his time at the **National Youth Science Forum**. As you will read, Eddie had an amazing time, and we look forward to him visiting our club to talk about his experience. It was a pleasure to sponsor you, Eddie!

This week's challenge is to **come up with of at least one interesting person in your life who might be an interesting guest speaker**. Whether it's someone who has been on a fantastic trip like Tracey, achieved a goal, has an interesting career or has a great hobby, we'd love to hear about it. Please pass their details on to Licaria so that she can arrange a convenient date.

THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of a worthy enterprise and in particular to encourage and foster:

The development of acquaintance as an opportunity for service.

High ethical standards in business and professions: the recognition of the worthiness of all useful occupations: and the dignifying by every Rotarian of their occupation as an opportunity to serve society.

The application of the ideal service by every Rotarian to their personal, business and community life.

The advancement of international understanding, goodwill and peace through a world fellowship of business and professional people united in the ideal of service.

THE FOUR WAY TEST

The Four Way Test of the things we think, say or do:

Is it the truth?

Is it fair to all concerned?

Will it build goodwill and better friendships?

Will it be beneficial to all concerned?

THE INVOCATION

For good food, good fellowship and the opportunity to serve through Rotary we give thanks.
