

TIME TRAVEL WITH THOMMO

MEET OUR STALL HOLDERS (PAULINE HANCOCK)

WELCOME AND APOLOGIES

A warm welcome to and Guest Speaker, Pauline Hancock (Mannatech Distributor).

Colin and Pauline are still sunning it on the Gold Coast while John Kennedy's callipers have frozen over. Get well soon John.

SIMON'S QUIZ QUESTION AND CHALLENGE:

They say that smells can trigger all sorts of memories, but I'm mystified as to what gets into Sgt Simon's head at times. Enamoured with the delights of **Robyn Holcroft's pumpkin** soup his quiz question asked us to explain the origins of **Pumpkin Soup**. Naturally, no one even got close. It turns out that he just can't get away from Zombies and that the freed slaves of **Haiti first created pumpkin soup**, once winning independence from France. Hey what a whacky way to celebrate. In addition, his **Challenge** was to recall our **Worst Hair Day**. Some weird family secrets came out of that question. **Haitian Zombies** have some pretty weird hairdos too; so bad that they need a paper bag over their heads.

PAULINE HANCOCK: STALLHOLDER

I said to Pauline, just don't do a product flog, tell us something about yourself. Wow! I'm glad I suggested that. Pauline is part of the **Mannatech** team and one of the regular stall holders at our **monthly market** (which resumes again next Sunday). Pauline, married to David for 51 years and grandmother to many, has always had a passion for **'hands on' health care** and in particular midwifery after completing her nursing diploma. Pauline has a link to Rotary and in 1971 was a **Charter Member of St Peters Rotaract**. Pauline would have been in her early 20s in 1971, so our concept of Rotaract has now morphed into something a little different. Pauline has worked in **Aged Care**, but as her passion was 'hands on' she learned about spinal realignment, massage and pressure points under the banner of **Neuroskeletal Dynamics**. Her interest in wellness lead to learning about glyconutrients and **Mannatech**. Pauline left us with this to ponder, **'The body does the work, if it has the right tools'**. I'm now considering being realigned. Thanks Pauline.

THE HAY RUN: RAWCS DRAUGHT RELIEF THE EAGLE HAS LANDED

Last Friday Ian and Suzette Coat made the trip to Hawker, representing our Club and joining with Campbelltown to deliver a load of hay, assisting draught ridden pastoralists.

Many on the land in the Hawker area are under extreme stress because of the continuing draught in the area. **Here's an extract from a letter of thanks from Kay Fels from Merna Mora Station:**

'I have already heard that one bloke is having major issues and by participating in today has been helped and admitted that he is at the end of his tether. Today gave him the confidence and opportunity to talk about that and we are now able to look out for him and make a point of following up and giving him extra attention and support. So, it is so much more than a couple of bales of hay, and thank you to all involved from the bottom of our hearts.'

Gee, how easy are our lives in metro Adelaide, even with Covid.

Truck after it arrived in Hawkesbury ready to unload

Treasurer Ian seen at District 9510 hay run hand over. Not done with that Ian and Suzette then ran the Sausage Sizzle.

HUTT STREET CENTRE: WALK A MILE IN MY BOOTS, 7 AUGUST

Ian Coat has logged on as a participant to raise funds for the Hutt Street Centre this Friday. Now, I'll be thinking of Team Coat (Ian and Suzetter) as I roll over in a warm bet. To ease my conscience I have logged onto <https://www.walkamile.org.au/join/rotarymagillsunrise> and donated to Rotary Magill Sunrise. I'll be walking the dogs later in the day. Is that still OK?

PRESIDENT'S 'WHY IS IT SO?':

According to last Monday's Advertiser, the Adelaide Zoo has acquired Cecilia, a young female Komodo Dragon from the Prague Zoo (hey the Island of Komodo is just up the road and swing north east from Darwin). According to the paper, female Komodos can reproduce without a male, they but can only produce male offspring. The Zoo hopes to acquire a male Komodo to remedy this imbalance. **If I may borrow a line from Betty Davis, 'I think she's rather pretty' (apart from the toxic saliva)**

THE PERPETUAL BBQ: HECCIES JUNIOR FOOTBALL, SUNDAYS

Graham and Robyn Holcroft are still leading the charge with the BBQ at the Hectorville Junior Football games at Campbelltown Memorial Oval each Sunday. In addition, this coming Sunday we have our first Market since Covid shutdown. All hands to pumps please. Some of the afternoon shift seen below.

THE REEL EVENT: DEFERRED TO MAY 2021

THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of a worthy enterprise and in particular to encourage and foster:

The development of acquaintance as an opportunity for service.

High ethical standards in business and professions: the recognition of the worthiness of all useful occupations: and the dignifying by every Rotarian of their occupation as an opportunity to serve society.

The application of the ideal service by every Rotarian to their personal, business and community life.

The advancement of international understanding, goodwill and peace through a world fellowship of business and professional people united in the ideal of service.

THE FOUR WAY TEST

The Four Way Test of the things we think, say or do:

Is it the truth?

Is it fair to all concerned?

Will it build goodwill and better friendships?

Will it be beneficial to all concerned?

THE OPTIONAL INVOCATION

For good food, good fellowship and the opportunity to serve through Rotary we give thanks.
