

TIME TRAVEL WITH THOMMO

MEET THE STALL HOLDERS (ROCK YA PAIN)

WELCOME AND APOLOGIES

A warm welcome to and Guest Speakers **Lina and Tony Macchia** (*Rock Ya Pain*) and interested guest **Grantley von Minden**, Principal of **Property Link**, Salisbury. For more info on Grantley go to <https://au.linkedin.com/in/grantley-von-minden-a0a9409b>

SIMON'S ICE BREAKER:

Simon's Ice Breaker was to relate a **moment when we had a brush with fame**. Club President can claim having worked with **Winky Dink** on the Channel Nine Super Cartoon Show in the 70s. One member (name withheld) had an indirect brush with fame via spilling a specimen of **Ernie Sigley's** urine on herself (yuk). But trust **Treasurer Ian**, the Rocket Scientist, to have his head in the clouds (pun intended) when he had a conversation with **Kylie Minogue**, no less, only learning her identity once the moment had passed,. **Good one Ian**.

SIMON'S QUIZ QUESTION

Russell Kirsch just passed away aged 91; what was he famous for? As it turns out he was the first person to create a digital image (a picture of his son) in 1957: I like the irony of trying to lift his photo from the Washington Post, only to get this blurry image. **A Hand from the Grave?**

LINA AND TONY: ROCK YA PAIN

Regular Stall Holders at our Monthly Market, **Lina** and **Tony** promote a pain relief product, **Rock Ya Pain**. Rock Ya Pain is a magnesium-based pain relief ointment that Tony came across a few years back at the Royal Adelaide Show. **Tony was suffering from the aftereffects of chemotherapy** in his hands and other joints. Walking was difficult for him and there was not much light at the end of the tunnel when it came to enjoying the basics of life. **He tried Rock Ya Pain** and was **so impressed** with the results that he and spouse Lina decided to become **local distributors**. The rest they say is history. Several club members (including the President) are **regular customers**. They are also promoting **Rock Ya Itch** for eczema and psoriasis. Tony became so animated when hinting that in a few months they will have another product to launch that Lina had to bring him back to earth. Whoa big fella.

ROCK YA PAIN: FIRST SPONSORS FOR VIRTUAL QUIZ NIGHT

Lina and Tony have also become our first **\$200 sponsor for our Virtual Quiz Night 19th September**. Each sponsor gets naming rights for a round of 10 questions. **Thanks Lina and Tony**.

REPAIR CAFÉ

If it's busted, then consider fixing it. Unley and Payneham have run vibrant Repair Café for some time and **Campbelltown's Repair Café will kick off Sunday 13th September** in conjunction with our own market at **Campbelltown Memorial Oval**.

Items that may be considered for repair are:

- Textiles (including clothing)
- Bicycles/Mechanical
- Jewellery
- Wooden items/frames/boxes

VOLUNTEER REPAIR CAFÉ?

For those wanting to participate then contact **Sophie Kavoukis (City of Campbelltown)** on 08 8366 9303 or skouvakis@campbelltown.sa.gov.au

For more info on the concept of Repair Café, link to <https://www.facebook.com/RepairCafeAustralia/>

PRESIDENT'S QUANDRY: WHICH VERSION DO YOU PREFER

#1. If the Big Bang had been one part in a billion more powerful, it would have rushed out too fast for the galaxies to form and for life to begin. If the strong nuclear force were decreased by two percent, atomic nuclei wouldn't hold together. Hydrogen would be the only atom in the universe. If the gravitational force were decreased stars (including the sun) would not ignite: **Professor Robert Lanza**

Or

#2. Universes evolve in the hearts of Black Holes, and the ones that produce more Black Holes are more evolutionarily 'fit' – i.e., they breed more: **Professor Lee Smolin**

#1 appeals to Creationists, while #2 appeals to Multi Universe theorists. I like both.

THE PERPETUAL BBQ: HECCIES JUNIOR FOOTBALL, SUNDAYS

Graham and Robyn Holcroft are still leading the charge with the BBQ at the Hectorville Junior Football games at Campbelltown Memorial Oval each Sunday. **In addition, last Sunday we had our first Market since Covid shutdown.** Successful day all round. Additional thanks to **Tash and Greg**, hey why stop there. Thanks everyone, **Rotarians and Friends of the Club**.

THE REEL EVENT: DEFFERED TO MAY 2021

No Meetings

THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of a worthy enterprise and in particular to encourage and foster:

The development of acquaintance as an opportunity for service.

High ethical standards in business and professions: the recognition of the worthiness of all useful occupations: and the dignifying by every Rotarian of their occupation as an opportunity to serve society.

The application of the ideal service by every Rotarian to their personal, business and community life.

The advancement of international understanding, goodwill and peace through a world fellowship of business and professional people united in the ideal of service.

THE FOUR WAY TEST

The Four Way Test of the things we think, say or do:

Is it the truth?

Is it fair to all concerned?

Will it build goodwill and better friendships?

Will it be beneficial to all concerned?

THE OPTIONAL INVOCATION

For good food, good fellowship and the opportunity to serve through Rotary we give thanks.
