DAVID TUDOROVIC: CROATIA AND THE PETRINJA EARTHQUAKE

WELCOME AND APOLOGIES: A **Full House**. Welcome to **David Tudorovic**, Guest Speaker on all things Croatian and the recent Petrinja Earthquake.

WHAT'S YOUR FAVOURITE MEAT DISH:

Simon's Ice Breaker: *'What's your favourite meat dish?'* Last week he asked us *'what's your favourite animal story?'*, so I hope this morning's question had nothing to do with me fessing up that **we ate the family's pet rooster** after it chased me around the block. Naturally, the answers varied, **but pork seemed to win** over the other cuts of meat. Some only preferred fish.

SIMON'S QUIZ QUESTION

What do Tim Berners-Lee and Jonas Salk have in common?

This was a question that I suggested to Simon some weeks back and for a time I could not recall the answer. Tim Berners-Lee is the Father of the **Internet** and Jonas Salk invented the first **polio vaccine**. As it turns out both felt compelled to share their discoveries/ideas with the world for **No Profit** and did not patent their work. Both, however, will be long remembered for their contribution to mankind.

THE MAGILL MARKET SECURED

After our January Market was bumped from Sunday to Saturday to make way for a Bridal Shower, **Greg** set about **locking in the second Sunday** of each month with Council for our market at CMO. In addition, he has done the same with our breakfast meetings, until we resume back at Daly Oval, Magill. **Well done Greg**

DAVID TUDOROVIC: THE PETRINJA EARTHQUAKE

As it turns out that **Club Sergeant, Simon**, did not randomly pull the name of **David Tudorovic** from a list of **high-profile Croats**; he went to school with him at Rostrevor College from Year 6. I bet Simon sat next to David just so as he could copy his work, because David, amongst being successful in business is:

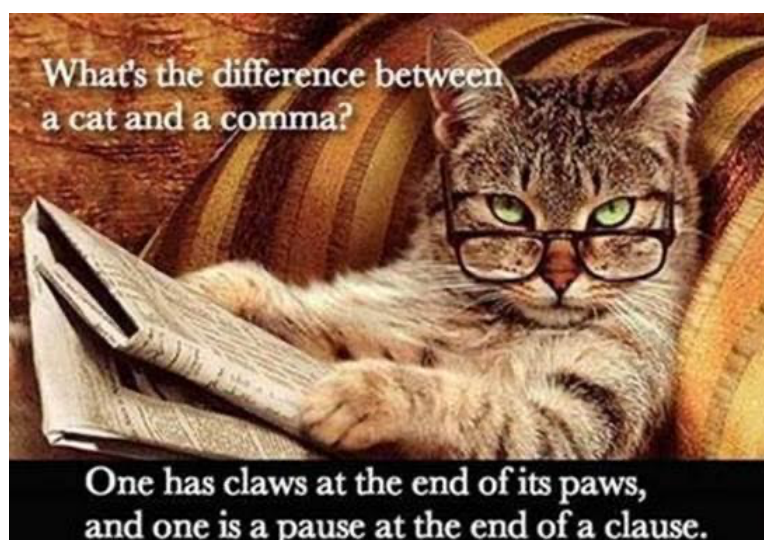

- President of the Australian Croatian Chamber of Commerce S.A. Inc
 - Member of the Institute of Chartered Accountants
 - Foundation Member of Croatian Sports Centre
-

David is passionate about the Land of his Fathers and more so since **the tragic earthquake centred on the town of Petrinja**, about 50 kms from the Capital, Zagreb. For more details click: https://en.wikipedia.org/wiki/2020_Petrinja_earthquake

David tells us that **Croatia is around 80% the size of Tasmania** with a population of 4 million, with an economy of double that of Tasmania. This means that it is a relatively poor country where the average income is about \$1000 per month. The town of Petrinja has a population of 20,000 (similar to Mt. Gambier). **So, imagine every house in Mt. Gambier made unliveable.** David's business interests in Croatia meant that he could provide temporary housing, but this can't last forever. **David urged us to use Rotary's own Croatian earthquake relief as a means of donating.** The board will make a decision on the amount at our next meeting.

THE OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of a worthy enterprise and in particular to encourage and foster:

The development of acquaintance as an opportunity for service.

High ethical standards in business and professions: the recognition of the worthiness of all useful occupations: and the dignifying by every Rotarian of their occupation as an opportunity to serve society.

The application of the ideal service by every Rotarian to their personal, business and community life.

The advancement of international understanding, goodwill and peace through a world fellowship of business and professional people united in the ideal of service.

THE FOUR WAY TEST

The Four Way Test of the things we think, say or do:

Is it the truth?

Is it fair to all concerned?

Will it build goodwill and better friendships?

Will it be beneficial to all concerned?

THE OPTIONAL INVOCATION

For good food, good fellowship and the opportunity to serve through Rotary we give thanks.
