### Next Club Meeting 1210 7:00 am, 14 MARCH 2023

Heccies, 31 Fisher Street, Magill  
Club contact: Lindsay Davis - 0415 453 101

### Guest Speaker: "BEHIND THE BADGE" – JOHN FLYNN JP

John is one of the newest members of our club and has agreed to step up to the plate and take on the important role of Director of Youth.

He is a councillor for the Woodforde Ward and Deputy Mayor of the City of Campbelltown. During the day you will find him at his café, "*The Perfect Blend*", with wife Made, serving great food and coffee. The Nasi Goreng is awesome.

It is now his turn to spill the beans on his interesting life as he presents "Behind the Badge" on the 14<sup>th</sup> of March, so be there.

The first object of Rotary is "*The Development of acquaintance as an opportunity for service*" and there is no better way to get to know our fellow Rotarians than through the 'Behind the Badge' talks.

### PRESIDENT'S REPORT

What an amazing couple of months we've had to kick off 2023!!!

If you ever wondered how our club contributes to building communities locally and around the world – just look at last month's achievements and what is taking shape for the near future.

Some of the highlights were:

- The "**Lift The Lid Walk**" was a huge success and raised **\$7,905.11** that will go immediately into mental health research programs.
- Our club is donating **\$1,000** to **ShelterBox** to support their work in countries impacted by war and natural disasters.

- We are part of the **Environment Forum** looking at what Rotary is doing on a global stage; and projects undertaken by local clubs.
- A **Peace Pole** is being provided to Stradbroke Primary to help spread the message of peace around the world.
- We assisted our friends at Campbelltown Rotary Club with carpark marshalling at their "**Classics on the Park**" day.
- The **Magill Sunrise Market** was a huge success in February – and is already close to being fully booked for March.
- Work is underway on **Nightingale Reserve's** redevelopment, including more seating and upgrades to our Interpretive Trail.
- We have committed to support a very local environmental initiative in the **Community Landcare Nursery project**.
- Registrations are steadily accumulating for the 2023 **Footy Tipping Competition** – a tipping challenge like no other.
- Planning is underway for our Club's involvement in the upcoming **Magill Village Launch** event.

Read more about these activities in this Bulletin – or contact us if you want to know more/be involved.

It was really great to hear from David West today and his learnings about managing and marketing mainstreets and shopping centres around Adelaide and the world. These are valuable learnings – and we watch with interest as Magill Village continues to develop.

Time and time again, we are **demonstrating the diversity, fun and benefits of belonging to Rotary**. Tell your friends and encourage them to be part of the action!

And in extra good news, the weather forecast is brilliant for this Sunday's **Magill Sunrise Market**. See you there.

Cheers,  
*Lindsay*

### SNAP SHOT OF "CLASSICS ON THE PARK"

## Guest Speaker: DAVID WEST

Our guest speaker this morning, David West, is a consultant to Burnside and Campbelltown Councils regarding the Magill Precinct. His mini bio below gives a clue as to why David was right up there as one of our club's most entertaining speakers.

### **David West – Premier Retail Marketing - Director**

David West is a retail consultant with over 30 years of experience managing and marketing mainstreets and shopping centres, including Westfield Marion and Rundle Mall in Adelaide. David has travelled across the UK, USA and NZ including 12 months working in London highstreets.

David developed the **2015-2020 Experience Adelaide City Retail Strategy** and Retail Strategies for Christchurch City Centre, Jetty Road Glenelg, Fed Square Melbourne, Queanbeyan NSW, Fremantle, Mandurah and Albany in WA.

David provides practical retail and business advice to Councils, towns and City centres across Australia and New Zealand to develop a sustainable mix of businesses through proactive leasing and management strategies.

He is passionate about well-managed streets, and he has written a retail strategy book called '**Mainstreet Management: Successful Retail Strategies**'.

In December 2020, he launched a new Retail Adelaide City website [www.retailadelaidecity.com.au](http://www.retailadelaidecity.com.au) to develop the business mix in the Adelaide CBD main streets.

The origins of David's presentation "Picking up Papers in Main Streets", came from his habit of picking up rubbish in open air shopping areas as opposed to pristine shopping centres. David was once spotted by a corporate dibber-dobber picking up rubbish and was reported to HR for his ad hoc rubbish activities; the offence was described as a health hazard. David went on to explain the different approaches to marketing in shopping centres and street premises in the CBB and suburbs.

Most of us like the experience of a coffee on a boulevard and shopping centres try to replicate that experience in their centre. One interesting trick that David revealed was retailers in shopping centres lay carpet on the floor in the women's fashion department. The silence created by the carpet slows pedestrian traffic, thus increasing the chance of random purchases.

Covid has changed our shopping habits forever, with growth in online food/consumables being the future.

In the short time available, David was able to cover Main Street v City Centre and the four components of Management, Marketing, Business Mix and Streetscape. Well done, David.

Modern version: "It takes a village to raise a child ...

## RCMS DONATES ANOTHER SHELTERBOX

**ALL** money received from the purchase of a sausage, bacon and egg sandwich or zucchini fritter at our monthly market goes to a good cause. At the present time the world seems to be swamped with disasters; earthquakes, war, flooding, cyclones and fires. To lend a hand the **Rotary Club of Magill Sunrise, with your support**, has donated a

**shelterbox**, to assist those in desperate and urgent need. Rotary's sturdy green **ShelterBoxes** are designed to help people who have lost everything. They are filled with practical tools and utensils that help to create the framework for everyday life. Each contains a family-sized tent that protects people from the elements and provides a safe space in which people can start to recover from physical and emotional trauma. A tent may not be the Ritz, but when one is standing in freezing rain, in sub zero temperatures with only the clothes they stand up in, it means the difference between life and death.

The contents differ depending on the disaster and the climate, but items such as solar lights, water storage and purification equipment, thermal blankets and cooking utensils help start the process of creating a home.

## ROTARY PEACE POLE

A Peace Pole is an international symbol of Peace. Peace Poles display the message "May Peace Prevail on Earth" usually include the saying in the language of the country where it has been placed, and usually three to seven additional translations. May Peace Prevail on Earth is an inclusive universal message and referred to as an affirmation of peace. Peace Poles are intended to inspire unity among people of all cultures, ethnicities, and backgrounds. Our Peace Pole No:52 will be placed at the Stradbroke Primary School.

*President Lindsay with the Magill Sunrise "Peace Pole"*

Disasters can devastate a community without warning, leaving people in urgent need of medical care, housing, and other basics they need to survive. In response to recent earthquakes in the region, The Rotary Foundation invites contributions to the Turkey/Syria Disaster Response Fund to support member-led projects that provide supplies and health care to people who have been affected.

**Together, we can offer our support to these communities. Here's how you can help:**

- [Donate](#) to the Turkey/Syria Disaster Response Fund.
- [Fundraise](#) among your colleagues, friends, and family using Raise for Rotary.
- [Learn](#) how Rotary members are helping.

Your gift will make priority funding available for disaster recovery and support for Turkey and Syria through [disaster response grants](#).

When you donate to our Turkey/Syria Disaster Response Fund now through 31 March 2023, make priority funding available to support our members' earthquake relief work through disaster response grants. If needs diminish, or if more funds are raised than are requested, surplus contributions may eventually be made available for disasters worldwide.

We hope that you can help support communities in need with a gift to our [Turkey/Syria Disaster Response Fund](#) today. Thank you.

Sincerely,

Jennifer Jones

## ENVIRONMENT FORUM -11 MARCH 2023

**ENVIRONMENTAL FORUM - 2 pm, Saturday 11 March 2023, Charles Campbell College.**

For many years Clubs in our District have supported their communities by undertaking environmental projects, well before Rotary added the Environment as a seventh Area of Focus. Our Forum planned for 11 March will have many facets and will be of interest to all Rotarians.

What we have scheduled is: -

- Keynote address by **Past RI President Ian Riseley** (and current International Chair of the Rotary Foundation). A long-term advocate for the environment, who challenged us in 2017/18 to plant 1.2 million trees, and easily surpassed his target. Ian will inform us what is happening around the Rotary world of an environmental nature, and even more importantly how we can use Foundation funding towards our environmental projects. Ian is an engaging speaker, and undoubtedly the best qualified person to share these messages.
- A Calperum update. For over two decades Clubs in our District have been involved with Calperum Station (just out of Renmark) in many different ways. In the last couple of months the River Murray waters have reached higher than any of us have ever seen, but fortunately the damage was less than we anticipated. Julie Robertson, Operations Manager at Calperum, will provide us with an update on the floods, tasks that need to be done soon, plus their strategic plans for the future.
- Soap Box spots. Five short presentations will highlight the breadth of environmental projects happening in the District, and how your club could become more involved. You will learn how to engage with schools, local councils, and even influence a state government to enact legislation.

Obviously, there will be some time to answer questions during the formal part of the Forum, or over refreshments to follow.

We have sufficient space in the auditorium for several representatives from each club, so we encourage every Club to send at least two participants. Book via TryBooking
