THE INDUCTION OF ALISON LYNCH

PRESIDENT'S REPORT

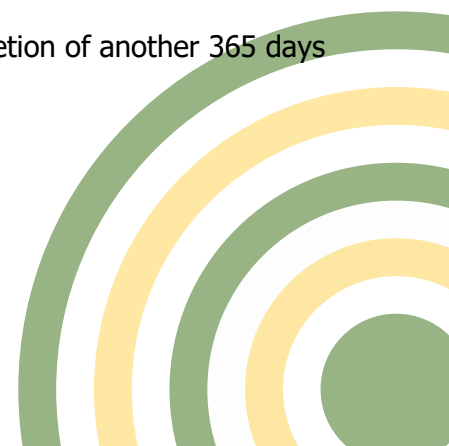

Last Sunday, we celebrated our 27th club birthday in a somewhat familiar way – providing service to the community.

The club's history book notes: "*On a cold wet night in May 1996, District Governor Alan Lawrie delivered the charter recording the creation of the "Rotary Club of Magill Sunrise".*"

So, congratulations to Pauline Hill & Graham Holcroft who have been with us as members for every one of those years. And **THANKS** to every person who has supported our club over those years.

I hope your own personal birthday is like our club birthday – marking the completion of another 365 days of doing what we love and marking the start of another fantastic fun year.

*Cheers
Lindsay*

Guest Speaker: ADRIAN FERRARETTO

With a background in renewable energy (The Solar Shop and Tindo) Adrian's other passion is the motor car and nowadays the electric car.

With an encyclopaedic knowledge Adrian surprised us with some interesting historical facts. The first electric car was commercially available in 1888 and was treated as a replacement for the horse with its limited speed and range. The electric car progressed through the years.

Even Henry Ford's wife preferred Ford's electric car because she didn't have to crank the handle to turn over the motor.

In 1912 the invention of the starter motor for the internal combustion engine put a halt to further development on EVs because no one had to crank the handle unless the battery went flat.

Two thousand and one saw the introduction of the Indian electric vehicle the Reva. Adrian tried to introduce the vehicle into SA, but bureaucratic resistance beat him.

Adrian went through the evolution of the Tesla up to the present. He compared the performance of a \$300,000 Tesla with a \$3M Bugatti and the Tesla won hands down.

Adrian drives an electric vehicle, which has a range of around 500 km and which he recharges at home via his solar panels. His recent road trip to Melbourne (ironically to watch Formula One) required one 10-minute stop to recharge.

One EV that he still has fond memories for is the Nissan Leaf, introduced in 2013. Adrian also demonstrated that with the removal of GST on novated car leasing the electric vehicle comes out ahead with leasing, fuel, and maintenance.

Adrian sees a future where we will summon a driverless EV from a pool of vehicles, maybe like the scooters that we see dumped around the city after their use. Wouldn't that be great for the elderly. In summary Adrian says EVs:
are faster, cheaper (than a hybrid), cheaper to run and maintain, have greater efficiency with lower emissions.

Mark Thompson

PRESIDENT'S THOUGHT FOR THE DAY

"Old electricians don't die; they just keep plugging away."

Question: Does wireless charging mean we have to explain this joke to our grandchildren?

QUIZ QUESTION:

Which Australian biscuit was named after a horse?

Answer: TIM TAMS

In 1958 Ross Arnott (Arnott's Biscuits) attended the Kentucky Derby, where the winning horse's name was Tim Tam.

ICE BREAKER:

There is a proposal to ban sports betting advertising during broadcasts and for an hour each side of a sporting game.

Do you think this is taking the limiting of sports betting advertising far enough, or do you think there should be a complete ban on all betting advertising?

Responses:

Conversation on this topic came to an abrupt halt once our guest speaker revealed how predatory betting companies are (offering more credit to poor tippers). It was also clear that sports betting is addictive to many in the younger generation. The fact betting companies pay for so many ads, confirms that advertising has a major impact on gambling behaviour.

President's note: sports betting is completely different to our Footy Tipping competition. In the latter, everyone knows they are likely to lose, and will be embarrassed/punished if they win anything 😊

CLUB CELEBRATIONS

WEDDING ANNIVERSARIES:

Congratulations to Greg and Tash Schuetze on your 20th Wedding Anniversary.

Hope you are enjoying your holiday in Bali.

BIRTHDAYS:

Happy Birthday Suzette(01June) and Ian (05June). Hope you both enjoy your respective birthdays.

JACKPOT
06JUN23
\$15.00

WOULD YOU LIKE TO JOIN US?
WOULD YOU LIKE TO MAKE A DIFFERENCE?

Speak to us at our market, come along to a meeting at the Hectorville Sporting Club 7am-8am on any of the first three Tuesdays of the month or give us a call on 0415 453 101

Join us, so that we can make an even bigger impact – together.

ROTARY YOUTH LEADERSHIP AWARDS

RYLA is a Rotary sponsored 7 day residential program held annually in September.

Participants attend informative sessions on a variety of subjects key to effective leadership.

The passion, skills and Rotary values that participants develop at RYLA continue far beyond the reaches of the program.

The lifelong friendships, leadership and teamwork skills displayed by graduates demonstrates how truly worthwhile the RYLA program is.

**APPLICATIONS NOW OPEN FOR
23RD - 29TH SEPT 2023**

MINA WARD'S 40TH BIRTHDAY WALK

Many of you knew Mina, our President from 2015-16. Tragically Mina passed away in 2019 at just 36 years of age.

To mark what would have been Mina's 40th birthday coming up on **24th May**, her family in the UK have arranged a fundraising walk over 9 days covering 200 miles (322km). All funds raised will be donated to **Rotary International**.

Magill Sunrise Rotary **have conveyed** our fond memories of Mina, along with our best wishes and a donation to the fundraising walk.

Here is a link to the crowd-funding site if you personally wish to make a donation < [DONATE](#) >

MOTHER'S DAY MARKET – SUNDAY 14 MAY

(Left)

Our wonderful Mother's Day Raffle Goodies Basket

Thank you to all those who supported the raffle

(Right)

President Lindsay presenting the basket to Karen who accepted it on behalf of her Mum Vicki, who won the raffle. **Congratulations!!**

It was a magnificent day, with the whole team totally organised, including beautifully managing the 6am start to set-up (since we couldn't access the hall the day before).

It was great to see several new stalls – and the raffle ensured one family had a very happy Mother's Day.

Proceeds from this market have allowed us to purchase another **ShelterBox** which in due course will provide disaster relief somewhere around the world. There are currently over 500,000 people living in a shelter box tent and using the blankets, cooking utensils, lighting, and much more to rebuild their lives.

And a **HUGE THANKS** to our stallholders who donated towards the raffle prize.
