Guest Speaker: Councillor Luci Blackborough **Councillor for the Hectorville Ward in Campbelltown**

7:00 am, Tuesday 20 June 2023

Hectorville Sports Club, 31 Fisher Street, Magill

Club contact: Lindsay Davis - 0415 453 101

Luci was elected to Campbelltown City Council at the age of 18 during the 2018 Local Government elections, making her SA's youngest Councillor.

Luci grew up in Magill and went to St Joseph Tranmere, Loretto and Concordia Colleges where her teachers encouraged, and provided, a range of leadership opportunities.

Luci is currently studying a Bachelor of Marketing and Communication at UniSA and working in a range of part time positions including in hospitality as well as **working on the Campbelltown City Council**.

Luci has appreciated the opportunity to give back and enable positive change as a local Councillor and is proud to be part of a progressive, positive, forward thinking Council. She sees the diversity of experiences, ages and backgrounds on Council as a strength as it ensures a dynamic Council team.

PRESIDENT'S REPORT

Congratulations to everyone involved in June's **Magill Sunrise Market** at Campbelltown Memorial Oval. It is great to see the popularity of this event continuing to grow.

Rotary Club funds and proceeds from each Market support a major charity, project or worthwhile cause. As stallholders and shoppers walked into the hall last Sunday, they were certain to notice we were making major contributions to two fantastic, hard-working local charities.

You can find more details in this Bulletin about the work of the **Childhood Cancer Association** and **Peter Nelson Leukaemia Research Fellowship Fund**.

It was also great to be back with our friends from the **Campbelltown Repair Café** having an extremely busy day giving new life to old items.

Congratulations also to **Kirsty Stark** (a Past President of our Club) and **Jill Whitaker** (City of Campbelltown Mayor and an Honorary Member of our Club).

Kirsty has just been included in the South Australian "**40 under 40**" list (see article below) and Jill received the prestigious **Medal of the Order of Australia** this week. Impressive and well-deserved recognition for both these impressive and dedicated ladies.

All up, it's another week that provides makes you realise the opportunities provided by Rotary to contribute to our community and connect with some extraordinary people.

Cheers, Lindsay

OUR GUEST SPEAKER - PETER MAYER

"How My Family Escaped the Nazis"

Having travelled with Peter Mayer (Morialta Club) in 2019, Mark Thompson heard a great escape story from WWII. It that was amongst the best, so Mark asked Peter to repeat the hair raising experiences of his parents.

Having served in the German Army and participated in the invasions of Poland and France, **Klaus Mayer** was being recalled to Germany to face an uncertain future because of his Jewish ancestry. With the help of his CO he went AWOL and hid out with a friends posing as a gardener, unfit for military service until the weather permitted an escape over the Alps from Austria to Switzerland. During this time, luck was with Klaus on a number of occasions. Getting lost on a moonless night saw Klaus end up back where he had started, so he had to cool his heels for a few more day.

However, with the aid on an altimeter and compass and being a skilled mountaineer, he took the high routes rather than the valleys and made it to Switzerland. It wasn't all cuckoo clocks and Swiss cheese once across the border, because, if caught he would be immediately deported. As it was, Klaus was imprisoned in Zurich in solitary confinement for 3 months until his refugee status could be established.

It was while in Zurich that Klaus met Peter's mother, who had earlier escaped the clutches of the Nazis for her activities in spreading anti Nazi literature. After the war, Peter was born in Hamburg, but looking for a fresh start his parents came to South Australia. Klaus eventually set up business in Mary Street, Unley.

Thanks Peter for presenting this ripping yarn about your dad.

Mark Thompson

QUIZ QUESTION:

Which historic event happened in Australia on the 3rd December 1854, killing at least 28 people?

Answer: Eureka Stockade

The short-lived but bloody uprising by miners, disgruntled with the way the colonial government was administering the goldfields.

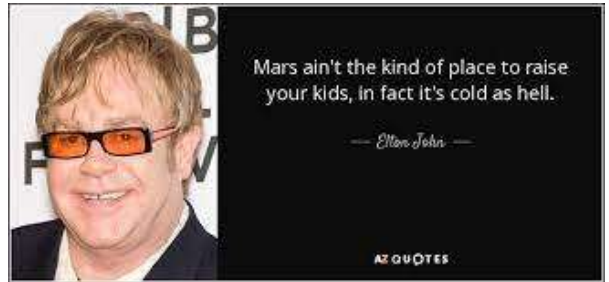

ICE BREAKER:

You have been given the opportunity to go to Mars, but there is no guarantee you would return to earth.

Would you take this opportunity?

Would you worry about not returning home?

Responses: There seemed to be a shortage of volunteers for this "opportunity". Perhaps that's due to the fact all of our members who enjoy a long trip are currently away. Instead, there were some offers to nominate other people that should be sent to Mars.

However, guest **Peter Mayer** observed the similarities to what faced many early migrants when they decided (voluntarily or otherwise) to move to Australia.

MAGILL SUNRISE MARKET – JUNE BENEFICIARIES

Proceeds from our June Market will assist two wonderful South Australian based charities.

The CHILDHOOD CANCER ASSOCIATION

The Childhood Cancer Association provides practical, hands-on support for children with cancer and their families. The Association has evolved over time to offer a range of professional support services led by a small team of psychologists. When a child has cancer, it affects the whole family. Rotary's aim is to assist with the funding of Hospital Support Bags which includes practical, essential items for the whole family – and Elliot the dog to be a friend for the child throughout their journey.

The PETER NELSON LEUKAEMIA RESEARCH FELLOWSHIP FUND

Supporting research funding for
Cancer Council SA—since 1978.

Established by Marjorie Jackson-Nelson – the Lithgow Flash and former Governor of South Australia – in memory of her husband, Australian Olympic cyclist, Peter Nelson who passed away from leukaemia. The fund supports research into leukaemia with the goal of finding a cure for cancer. Promising progress is being made, with leukaemia survival rates increasing by as much as 20% in the past 20 years. Research currently being funded at SAHMRI is investigating alternative targeted treatment options for T-cell acute lymphoblastic leukaemia (T-ALL).

THANK YOU
to everyone who supported the
MAGILL SUNRISE MARKET in June.

We look forward to seeing you again on
Sunday 9th July at Campbelltown Memorial Oval
