## UN WORLD ENVIRONMENT DAY 5 JUNE

Welcome Roy Page and Anne, Peter and Othene Cole.

Thank you all for joining us.

### PRESIDENT'S REPORT

#### ENVIRONMENT

Rotary shares an interest in protecting our common legacy: the **ENVIRONMENT**. The Environment is the seventh area of Rotary's focus and over the past three years Foundation global grant funding of \$US9 million has been allocated to protect our planet.

On the 5<sup>th</sup> of June it is the UN World Environment Day, an organisation Rotary International supports and it encourages Rotarians to involve their communities to help improve the environment which is under constant threat.

This year's theme is: **Ending Plastic Pollution**. The aim of this theme is to highlight the growing issue of plastic pollution, which extends beyond things like the discarded drink bottles we see cluttering streets. Microplastics are a new kind of pollution, and they have already spread to our food, our drinking water, and even into our own bodies.

As part of our District 9510 commitment to improving the River Murray we will be holding the **Health Of The River Youth Forum** this year from Mon 15th Sept - Fri 19th Sep 2025 at Calperum Station. This five-day forum provides hands on learning and mentoring from specialist ecologists and researchers on a working conservation and research property, with an emphasis on "River Health" for students in Years 9 and 10.

Activities will include a focus on sustainable water management and irrigation practices, salinity issues and environmental flows, conservation, land degradation and rehabilitation and more.

If you know a young person interested in Ecology and the Environment and would like to attend this forum we would love to hear from you. The cost of this forum is met by Rotary Clubs.

## GUEST SPEAKER: NIH PRINCIPAL – ROY PAGE

*IPP Lindsay Davis, Roy Page and President Pauline*

This week's speaker was Roy Page, Principal of Norwood International High School. Although born in Townsville, QLD, Roy's roots are well entrenched in SA having attended Glossop Primary and High Schools as well as a stint at Coober Peddy.

Embracing teaching as a profession, some of Roy's appointments have been Deputy Head, Coulsdon in Surrey, UK, introducing academic programs that included those for Special Needs students.

Back in SA he has been Deputy Principal at the Heights School, Modbury, working on Strategic Planning, and then Principal at Heathfield High.

In January this year Roy was appointed as Principal of Norwood International High School (NIHS).

Roy covered much with his in-depth presentation so this summary cannot do justice to every topic. Roy went on to say that of the 1,600 years 7 -12 students there are 95 nationalities of which 150 are international students.

Roy started with an illustration from the turn of the 20th century that predicted what teaching might be like in 2020. The children sat at the desks wearing headsets in virtual isolation from one another and where books were shoved into a mulcher that fed data into the kids via the headsets. In one sense this prediction of the use of IT was accurate, but in another not, because children nowadays are encouraged to be curious rather than being spoon fed info.

Roy amused us with this anecdote; 50% of what children learn comes from the child sitting next to them, but half of which is incorrect (I remember misspelling the word '*friend*' as '*freind*' because the boy sitting next to me had written it that way). Despite this, collaborative learning is encouraged, and the challenge now is addressing change.

Roy showed us the top ten desired learning outcomes for the years 2015, 2020 and 2025. Some of these outcomes were the same, but #1 was always different. For 2025 the #1 outcome is Judgement and Decision Making.

Roy briefly touched on the old labels of IQ and EQ (emotional intelligence) but then added CI (cultural intelligence). Specialist Learning, STEM and the school's Rowing Program allows some children from outside of the HIHS zone to now attend the school.

Hey, this is all a far cry from what many of us remember of our secondary schooling experience and we wish Roy all the best for his tenure at NIHS.

## ICE BREAKER

**TV has been around for a long time now and I'm sure we all have watched plenty of it. So, what is your favourite show? It could be one you watched as a kid and still get a kick out of, or something recent that has really caught your imagination.**

**How do you think streaming has changed your TV watching habits?**

There was a wide range of responses, some recalling watching the test pattern for hours in awe of the new technology. Some recalled some of the great early western series like Rawhide and Bonanza. The recurring screenings of The Sound of Music also captured some who had watched it many times. Days Of Our Lives was mentioned as one of the longest running soapies and Playschool as probably the longest running Australian program. Sesame Street was also mentioned for its longevity, but it was thought that had been ended now (update: it looks like Netflix have bought the rights and new episodes will still be produced). Some great programs also mentioned included Star Trek, The Thunderbirds and Skippy. A dislike of commercials was also mentioned and there seemed to be agreement on that one.

## QUIZ QUESTION

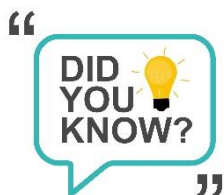

**When did TV start in Australia & South Australia – year and date please!**

**A:** Australian TV began on 16<sup>th</sup> September 1956 in Sydney. Interestingly, the Chifley government wanted to establish TV in 1948 adopting the UK BBC approach and passed laws to do so, but they then lost power, and the Menzies government made a meal of it deciding that it needed to be the US commercial model instead, which took much longer to establish.

Melbourne followed soon after on 4<sup>th</sup> November 1956 in time for the Olympic opening ceremony on 22<sup>nd</sup> November 1956.

Adelaide's first broadcast was on 5<sup>th</sup> September 1959.

Congratulations to Pauline & Mark who nailed it, including the Melbourne details.

## PRESIDENT'S - "DID YOU KNOW?"

### HONEY BEES HAVE FIVE EYES AND NO EARS.

Bees have unique eyes that make them different from other types of bees and insects. Bees have five eyes in total: two large eyes and three smaller ones. Each set of eyes carries its own unique function, such as detecting shapes and seeing UV markers from flowers.

## From the Rotary Club of Morialta

### Celebrating 29 Years of Rotary Service: Rotary Magill Sunrise

We were honoured to welcome members of the Rotary Club of Magill Sunrise to our recent meeting at the Paradise Hotel, where they joined us to mark a very special occasion; their 29th birthday! Chartered by the Rotary Club of Morialta on 14 May 1996, Magill Sunrise has gone on to build an incredible legacy of service and community impact over nearly three decades. It was a privilege to celebrate this milestone with them and hear about the meaningful work they continue to do both locally and abroad. We congratulate President Pauline and all members on their achievements and thank them for sharing this moment of reflection and fellowship with us.

## CHARITY LUNCH FOR AFGHAN GIRLS' EDUCATION

The Taliban regime in Afghanistan imposes restrictions, effectively banning girls' education above primary school.

The **Rotary Club of Norwood**, supported by the **City of Unley**, has organised a fundraising lunch to support girls' education in Afghanistan and Afghan communities in South Australia.

**When:** Sunday, 29 June – 12:30 pm

**Where:** historic **Unley Town Hall**, Corner Oxford Terrace & Unley Rd, Unley  
(enter from Oxford Terrace)

**Food:** a 3-course Afghan feast, created by **Farida Ayubi**, of the **Parwana Afghan Kitchen**. Parwana and the Ayubi family won Gourmet Traveller's 2024 award for Outstanding Contribution to Hospitality.

**Beverages:** **Nepenthe** wines, beer, water, soft drinks

*All catering kindly donated by Parwana Afghan Kitchen & the Afghan community, wines donated by Nepenthe. We have planned for, and will accommodate, dietary requirements.*

**Cost:** \$100 all-inclusive

**Ticketing:** via <https://www.trybooking.com/DAZDL>

**Contact:** email [steve@sarpik.com.au](mailto:steve@sarpik.com.au)

**Guest Speaker: Erfan Abidi**  
Hearing about his charity and sharing his remarkable journey from fleeing Afghanistan to empowering girls through the life-changing gift of education.

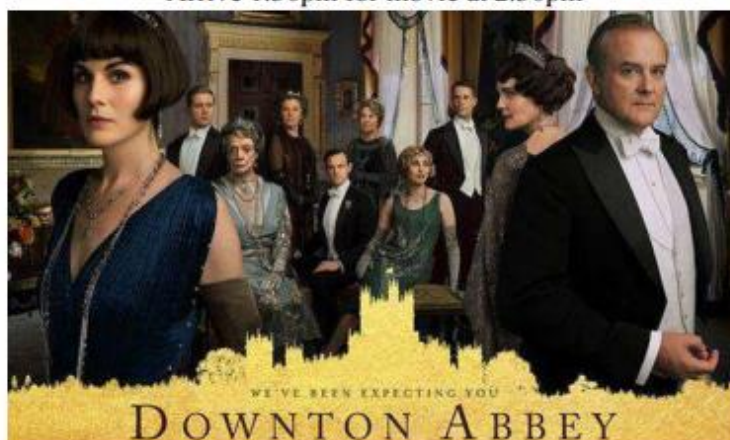

## SAVE THE DATE

### **Australian Rotary Health movie fundraiser**

**28<sup>th</sup> September 2025**

*The Regal Cinema, Kensington Road  
Kensington Park*

Arrive 1.30pm for movie at 2.30pm

Though scant details of the new film have been released, it's likely the action will pick up when *A New Era* left off, particularly as it has been revealed that Dominic West will be reprising his role as the actor Guy Dexter, last seen riding off into the sunset with butler Thomas by his side. The marriage of Lady Mary and Henry Talbot was on the rocks in the last film, and though she didn't stray, his absence points to a divorce or estrangement in this new film. Meanwhile, the family will be adjusting to life without their great matriarch, Lady Violet, and we might also see some of the children growing up and getting up to mischief.

## 2025 Walk for Respect

WalkForRespect.au

### SAVE THE DATE

**Saturday 11 October 2025**

• 9am Muster Victoria Square • 10am Walk Commences • 10.30 arrive Elder Park - Special Guest Speakers

Did you know that 1 in 4 women and 1 in 8 men have experienced violence from an intimate partner or family member. This is people like us! This is us!

When we walk alongside each other, we walk peacefully in solidarity:-

- to support the survivors amongst us
- to say Thank You to the workers and volunteers who respond to the trauma that violence causes
- to say **No** to Domestic Violence and **Yes** to Respectful Relationships

The visual impact of Rotary members, particularly men, and others from our partner DV organisations joining us, walking as one, is a powerful way we can show we care.

In 2025, we will ask walkers to bring a gift or make a donation of money towards goods that help survivors establish their new homes. With an estimated 1,000+ walkers, this practical response could be huge.

We also strive to build education within our younger generations to stamp out generational learned behaviour passed down from parents to their children.

**Won't you join in please.**

**\$\$\$\$ Help us keep the Walk going into the future \$\$\$\$**

**We thank clubs who donated to the Walk in 2023 and 2024.**

These Club donations, combined with an establishment grant from District 9510, plus corporate sponsorships has helped our committee cover costs.

The walk itself is quite a simple concept, however, there are many expenses that combined, add up to a considerable sum. There are unavoidable promotional costs; production of quality banners and signs; hire of pro-quality sound systems; Council permits; First Aid fees; Band fees; Seating + more

Moving forward, we want to have a Rotary Walk For Respect Day on the South Australian calendar annually and we can expect it to cost around \$25,000 p.a. to keep this going.

With the financial help of each club - with an average annual donation of \$500 per club - we can secure the future of the Walk, plus the new initiatives we are launching. For example, we would like to use the event to support creative pop-up projects on the day. This could be something from your Club.

Should excess funds be collected, the Committee will initially hold funds in reserve to underwrite the future of the Walk. However, at a later stage, accumulated funds can be put towards other DV initiatives.

We are happy to talk to you about your ideas. But thank you for your consideration of this investment.
